MARION COUNTY FARM BUREAU SUPPORTS

THE FUTURE OF AGRICULTURE

The Marion County Farm Bureau Foundation was formed so members and local communities would have a means to provide money to promote agriculture education and careers. To date, the Foundation has awarded over \$250,000 in scholarship to more than 225 students and over \$65,000 in classroom grants. As a 501(c)(3) charity, all donations to our Foundation are tax deductible, per IRS guidelines. Please note that no goods or services are exchanged for your donations.

AG IN THE CLASSROOM

The Agriculture in the Classroom (AITC) program is guided by a volunteer committee from the Marion County Farm Bureau and County Soil and Water District. The AITC program was formed to tell students why agriculture and conservation are important to us all. While this effort targets all students in the county, there is a special emphasis on fourth grades in Marion County. You can support the AITC program by contributing to the Marion County Farm Bureau Foundation.
